## CC to Hear Gov. Smith

Governor Preston Smith will be guest speaker at the March 30 banquet of the Cameron Chamber of Commerce, according to Chamber President Henry Litzman.

It will be Governor Smith's first speech in Cameron and only his second appearance in the city in recent years. The annual banquet begins 7:30 p.m. Monday, March 30, at Cameron's First

Methodist Fellowship Hall. A reception will precede the banquet from 5:30 to 6:30 p.m. at Cameron Public Library. Tickets go on sale today. Forrest Sapp, a past Cameron Chamber president, is sales chairman.

Governor Smith's appearance will highlight the annual banquet which will see introduction of the 1970 McCullin Award winner, introduction of incoming President James Lafferty, Vice Presidents Robert Ellett and Don G. Humble, CIVIC REPORT

Litzman will report on civic developments in the Cameron area during 1969. New, present and outgoing directors will be recognized.

Governor Smith is the first Texan since the Civil War to win an elected promotion from lieutenant governor, a post he held three terms.

Born near Georgetown and graduated from Texas Tech, the Governor has been elected to public office since 1944, when he went to the Texas Legislature as representative of the old 119th District. In 1956, he was elected a state senator in the 28th Senatorial District, which includes Lubbock, his home.

In the 1930's, he went into a theatre partnership, and he retains interests in a theatre chain in Lubbock and Oklahoma.

He was elected lieutenant governor in a field of five in 1962. He was nominated in the 1968 Democratic primary after a run-off from a field of 10. He won in the 1968 General Election by 407,000 votes.

Governor and Mrs. Smith, also a graduate of Texas Tech, have one son and one daughter, Preston Michael and Jan Lauren, both Tech graduates, and one grandchild.

The Ben Milam Savings and Loan Association of Cameron held its annual stockholders' meeting at 7:30 last Monday evening in All Saints Episcopal Church, with 21 stockholders attending the initial meeting of the new financial institution.

Business conducted during the session included the election of a board of directors. Acting president of the Association is T. H. Wardlaw, well-known rancher near Cameron. He formerly was with Shell Oil Company in Houston.

Roy M. Engram, of Cameron, formerly of Weslaco, is manager of the Association, and Robert L. Ellett, Cameron attorney, is the secretary-treasurer.

The eight other directors named are: Dr. George Bowman, Cameron dentist; Lee Roy Caffey, Thorndale rancher and professional football player formerly with the Green Bay Packers, now with the Chicago Bears; H. F. Chrisco, Alcoa Rockdale Works manager; Douglas F. Pollard, Houston attorney; E. L. Wied, owner of Wied Hardware Co. in Cameron; Joe A. Glaser, Buckholts rancher; Dr. S. H. Richardson, Cameron physician; and W. P. Ho-

gan, Galther Motor Company owner and former mayor of Rockdale.

The Association, believed to be the first savings and loan institution for Cameron, was organized last year. It was granted its order for State charter two months ago on January 12.

It has a capital stock of \$200,000 and a paid-in surplus of \$100,000.

No date for opening the Association has been set, Engram said, and it depends on several factors. One of these is how promptly the Federal Savings and Loan Insurance Corporation acts on its application for deposit insurance which now is being completed.

Also determining the opening date will be how soon the new building which is planned for the Association's use can be constructed. Architect's plans for the building, which will be located on a site in Cameron, are expected to be received in a few days, Engram said.

The board of directors has scheduled another meeting for March 11 to consider policies for the Association.

## Contests Seen In Trustee Elections

### 88 Donors Give Blood

Eighty-eight units of blood were collected at the Bloodmobile visit Wednesday, much to the surprise and joy of blood program workers.

"The people of Cameron are to be highly commended," said Sister Aloysius, program chairman, when she reported the total. "They give of themselves so generously."

The high incidence of flu cases and other winter illnesses were expected to reduce the number of prospective donors, but 102 showed up, she said.

Cameron's quota was 71 units. The 88 units collected Wednesday brings the city's total to 267 for the blood year which began July 1, 1969.

### Auto Tags Sales Show Annual Lag

Stacks of 1970 license plates are waiting to be sold in the Milam County Tax Collector's office as the April 1 deadline approaches.

Sales of the vehicle license plates are "running way behind," a tax office clerk said, and added that the same thing happens every year -- car owners wait until the last minute to register their cars.

Advance publicity by the Texas Highway Department about its new computerized form saving time proves true if vehicle owners don't wait until the last few days.

Just take the three-part form you received in the mail and the fee to the tax office. The form is stamped with the date, and a three-part strip of paper is stuck on the form. The clerk tears off one part of the form for your receipt, and you are out in about two minutes.

But those who wait will have to stand in lines that form every year, as the final days of the registration season find tax collectors' offices and sub-stations

jammed with procrastinating drivers.

The Texas Highway Department has these tips for quick and easy registration:

Don't throw away your registration application; don't write on it or mar it. However, if the address is incorrect, you should show your correct residence address in accordance with instructions on the form.

Don't separate the three parts of the form. Take it to the county tax office or substation in one piece.

Don't send your application to the Highway Department in Austin; and, remember, the deadline is passed for ordering license plates by mail from your county tax office.

If you did not receive a three-part registration form by mail, or if you have lost it, take last year's motor vehicle registration receipt and your car title to the county tax collector's office or sub-station. Your vehicle registration will be processed as before, and you'll receive a time-saving computerized form next year.

### Five File For Three Local Posts

Cameron Independent School District today has five candidates running for three board posts with Bentley House, of Cameron, filing early last week.

Other area districts will see contests in the April 4 school board elections in consolidated Lott-Rosebud, Thorndale Rogers and Rockdale, a Herald survey shows.

Hause, an employee at Rockdale's Alcoa Works, is the final candidate in a field that includes Mrs. Reeves (Betsy) Brown, seeking election for the first time, and incumbents Dr. John Martin, Forrest Sapp and Charles McDermott.

Three incumbents are running unopposed for the Milam County School Board, including: Willie Glaser, Precinct 1; John Henderson, Sr., Precinct 2; and Don G. Humble, trustee at large.

Buckholts Common School District candidates are incumbents Wilburn E. Beckhusen, Albert Svetlik and candidate Calvin Rachui, seeking election to a post vacated by incumbent Henry Vaulin.

All seven posts are up for election in the newly consolidated Rosebud-Lott District. Eight candidates, three from Lott and five from Rosebud, are seeking election.

They are: Nelson Malick, James Bell, A. T. Garrett, H. J. Zabick and Dowell Haley, all of Rosebud.

Lott candidates are: Calvin Prince, M. L. Jenkins and Gary Connors.

Rockdale has three candidates for two posts: incumbents Dr. Philip Young and Bruce Crow and candidate Ernie Bates.

Milano has no contested school positions. Candidate Ben L. Lagrone is running for an unexpired term unopposed and incumbents E. C. Westbrook and Arnold Korneig are seeking re-election.

Gause candidates are: incumbent Vernon Shaw, candidate Mrs. Louis J. Phillips and Gordon E. Albright, running for an unexpired term.

Two candidates are running for an unexpired term in the Thorndale District, appointed incumbent Frank Felton and candidate Norman Leschler. Incumbents James Terry and Herman Weisse are running for re-election.

Rogers Independent School District has four candidates

### Appeal Filed In Marijuana Case

An appeal has been filed for Walter Homer Snow, Jr., sentenced February 28 to 90 days in Milam county jail and 4 years on probation for possession of narcotics.

Snow was one of three defendants in the case heard last month in 20th District Court. The trio, all of Austin, was charged after a patch of marijuana was found being grown near Thorndale.

The two other defendants, Davis Elliott and Fredric Earl Callaway, each received 4 year probation sentences with no jail sentence.

### POLICE REPORT

#### BURGLARY TRY, 'FENDER-BENDERS'

An attempted burglary was foiled by a homeowner Friday morning when he surprised the would-be thief in his house.

Police reported that Joe Humplik of 1006 W. 16th St. grabbed the intruder and tried to get to the phone but the youth escaped. The youth was later identified by Humplik and is in custody of Milam County juvenile authorities.

Two minor traffic accidents were reported, both involving the same driver, Mrs. Marie Parma, of Cameron, was ticketed for failure to yield right of way when her car collided with a car driven by Marvin Juneke. The accident happened on 6th and Fannin on Thursday afternoon.

The second accident was at North Houston and West 4th about 12:15 p.m. Friday. Mrs. Parma was ticketed for improper backing after her car backed into a 1969 Volkswagen driven by Mrs. Clydell Seaton of Ben Arnold.

No injuries in either accident were reported.

## New Oilwell For Milbur

The Milbur Field in south Milam County, which has had almost no drilling activity during the past year, has gained another oilwell, according to potential test figures which were released late last week.

The newest completion for the field is the J. M. Huber Corporation No. A-3 W. P. Hogan. It pumped 24 barrels of 43 gravity oil per day on perforations at 2,764 - 769 feet, and produced from the basal Wilcox.

The Huber Corporation, a Houston based company, opened Huber has a number of wells in the field, including at least two more on W. P. Hogan acreage near the Milam-Burleson County line.

The Milbur Field about three years ago when it drilled its discovery well, the No. 1 H. H. Coffield, a 84 barrel per day producer.

# WORSHIP IN CHURCH

## THE SHEPHERD'S STAFF

...and you, too, will need it when you pass through the valley of the shadow. We grope blindly through this world as we trample law and order, and the blessings of an Almighty God. We black-out God and every opportunity to do good. The family, the church, the state will suffer for our sins of omission...our failure to possess the earth. Our goal is not the mark of the high calling which is in Christ Jesus. We know He is the light of the world but we don't care to possess it. It is dark about us and apparently we are glad of it. It is dark about us because we choose darkness rather than light. Regular attendance at church could make the dark situation light again.

crisp, really funny dialogue, he says we can be hopeful.

Skyscrapers, farm houses, plantations, hovels, ghettos affect the outside, often to the quick.

But the inside, the real character is indestructible, once the real inside is known.

If New York audiences find such fare palatable, more than in just the playwright's cleverness, it must be something they won't give up believing, even though the sophistication seems impenetrable.

The rest of the country isn't giving up either. And this opposes what "drop outs" run from, old or new. And this undercores Simon's work, perhaps a classic humorist who tells people they aren't all bad, despite intellectual clouds all round and social change of inordinate complexity.

Simon may be saying civilization warps and wounds and whittles away on the strengths that build it, but the human spirit rejects, in comic satire or operatic tragedy, a sense of hopelessness this civilization encourages.

# Guard Launches Recruiting Drive

An extensive recruiting campaign by the Texas Army and Air National Guard was launched on Washington's Birthday, Maj. Gen. Ross Ayers, the Adjutant General of Texas, announced in Austin today.

The campaign will be nationwide in scope under the supervision of the National Guard Bureau, Washington, D.C.

To be known as "Try One In The Guard," the program is aimed at attracting prior service personnel and at retaining Guardsmen whose terms of enlistment are expiring.

By special arrangement, the program will offer former servicemen an opportunity to sign up for a one-year enlistment, or to "Try One In The Guard" to see how they like the National Guard.

To the Guardsmen, it is an offer to "stay with us" one more year.

The program is designed, also, to increase the combat readiness of the Guard through the use of experience personnel, many of whom would be expected to be Vietnam veterans, and to save the taxpayers money by reducing the training costs in the Guard.

"We estimate," General Ayers said, "that we can train three men with prior service for a year for the same cost as training one man without previous experience."

The Guard will continue to accept persons without prior service, Ayers emphasized, but the number being accepted for enlistment will be much smaller than in the past.

Entered as second-class matter at the Post Office in Cameron, Texas, under the Act of Congress of March 1, 1879. Published every Thursday.

**Long And Short Of It . . .**

The Cameron street program outlined by the Council following a committee study is being continued on scheduled paving and maintenance, but future assessment programs have been tabled.

Budget is the problem, according to the dialogue in Council meetings in recent weeks.

We hope the need of additional new paving and curbing is only tabled for a time. Few if any other projects in Cameron's modern history have made such decisive improvement in the community's development.

Only the downtown urban renewal project will have more dramatic effect on Cameron appearance than new streets and curbing have already had in residential areas.

It is difficult, save for economic reasons, to understand the resistance to street programs of the past which have been beleaguered by protest.

All manner of opposition can be raised, but is invalidated when one drives some of the "country roads" which beribbon modern Cameron.

We understand economics, both the long and short-term aspect, we think. And for the short term, Cameron is doing a lot of things in an inflationary period, even with extra sales tax income of almost \$50,000. Urban renewal requires city funding to match federal; law requires certain percentage retention of funds on bonded indebtedness; city needs in personnel and mere maintenance cost grow.

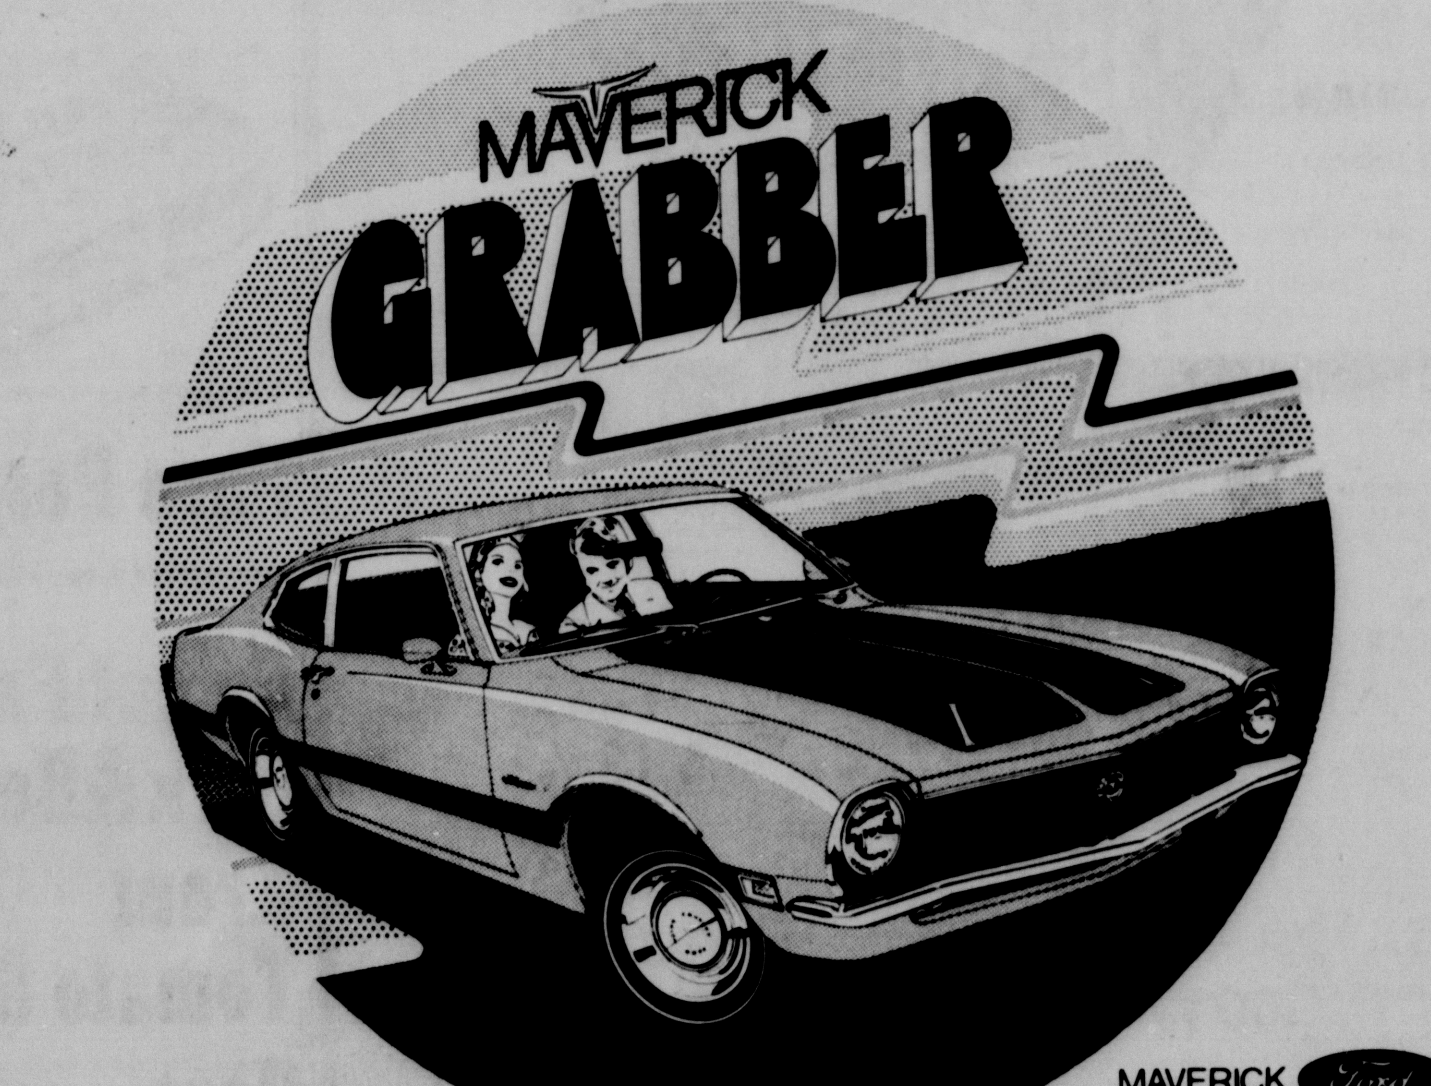

But the long term is a corollary consideration. And the long-term view will suffer when housing gets underway once again, which it will, and the street and curbing program lags.

The value of parallel consideration of new streets is dramatized by the increased investment and beauty of home improvements, sidewalks and driveways as new streets are extended.

There is little question city budgeting is important. But maintenance in the long run will be cheaper if delay of new street construction is short.

## THE NOW BEER WITH A KISS OF LIME

25% LESS CALORIES

Lime Lager is a new idea in alcoholic beverages. It is a unique beer, brewed with slim grain malted barley to reduce calories without reducing anything else. To this ultra-light beer has been added the tantalizing taste of a kiss of lime.

Lime Lager is all beer, red beer. The only difference is its taste and the fact that it contains 25% less calories than regular beer.

Lime Lager may well be the best, most refreshing drink you ever tasted. Don't Miss It!
